

TENANT BULLETIN

Henderson Executive Airport

WHAT:

To maintain a secure, safe, and efficient environment, tenants are reminded of the importance of practicing safe ramp driving at the Airport. Please note the following:

- Airport security is a shared responsibility of all Airport users.
- Private vehicles on the Air Operations Area must display a current Airport decal or be escorted by an authorized decal holder.
- Gate Cards may not be loaned to others or used by anyone other than the authorized card holder.
- All vehicles must adhere to posted speed limits and have operational headlights and taillights. Golf and utility carts must be equipped with proper reflective markings.
- Only DOA authorized and emergency personnel can drive on the Service/Perimeter Access Road.

WHERE: All vehicles operating in the non-movement area, including aprons, ramps, and parking areas on the airfield.

For more information and the link to the DOA Ramp Driver Handbook, visit: www.hnd.aero/Tenantsupport or scan the QR Code:

Commitment to these guidelines ensures the safety of all airport users.

***NOTE:** Non-compliance may result in a verbal warning, remedial training or loss of vehicle access. Violations include, but are not limited to, speeding, driving off designated roadways, failure to yield, reckless driving, disobedience of traffic signs, parking violations, failure to display current airport-issued vehicle identification, and piggybacking.*
